RACHEL LOOKED LIKE A PRINCESS

"This gown is fresh, youthful and doesn't take away from Rachel Bilson's beauty," Randy Fenoli, fashion director at Kleinfeld Manhattan, tells *In Touch*. "Plus, the empire waist elongates her petite frame." The star donned the dress in the series finale of *The O.C.*, when her character, Summer, married her true love, Seth — played by Adam Brody — in an outdoor ceremony.

JENNA'S GOWN WAS A STEAL

On *The Office*, Jenna Fischer's Pam tried to hide her on-screen pregnancy, but there was no denying the bump when she stood at the altar with John Krasinski's Jim in this flowing A-line dress bought for \$399 at David's Bridal.
